Technical Specification

J3414 / J3415 / J3416 / J3417

- 1- **The lacquered panels** are made from very high quality plywood 22mm thick. The personalised graphics are printed directly onto the panels, and then protected by a highly resistant varnish coating.

- 2- **The 125mm diameter posts** are made of lacquered galvanised steel. The two-tone grey graining finish has a slightly undulating surface for increased scratch resistance. **The caps** are made of injection moulded polyamide.

- 3- **The tubes** are made of stainless steel, diameter 40mm, guaranteeing lasting durability and reliability of the equipment. **Injection moulded polyamide** fixings connect the posts to the platforms and the various play features.

- 4- **The stainless steel fixings** are protected by polyamide anti-vandalism caps.
